Obsidian Control Systems Takes Center Stage on June 11 Elation Coffee Break

Lighting control specialists, designers, programmers, and operators are invited to join the next Elation Coffee Break on **Thursday, June 11 at 11:00 a.m. CET** where Obsidian Control Systems takes the stage for an in-depth look at Obsidian's new [NX3](#) lighting console and **Netron FS16** rackmount network switch.

Obsidian's Koy Neminathan and Edward Smith join Frederik Afif and Alistair Smyth to showcase the new NX3 lighting console and Netron FS16 network switch, sharing product insights, key features, and practical applications for lighting professionals working in live entertainment, broadcast, and installation environments.

The Coffee Break will be streamed live on Elation Europe's Facebook [here](#) and LinkedIn page [here](#). Sessions are open to all and include live audience Q&A. No registration is required.

The NX3 is the latest evolution of the Onyx lighting control platform, combining powerful performance with a streamlined, operator-focused design. Crafted to boost speed and creativity, it delivers lighting control that feels naturally fluid.

FOR IMMEDIATE RELEASE

Expanding the award-winning Netron product family, the FS16 is a professional 1U rackmount network switch built for entertainment and lighting networks requiring high-speed data distribution and PoE+ capability.

Join the Obsidian team as they explore these latest innovations from Obsidian Control Systems!

Grab your favorite cup of coffee and tune in on **June 11 at 11:00 a.m. CET** for this live session.

About Elation

At Elation, we collaborate with leading professionals in the lighting industry to help bring extraordinary experiences to life. As a designer and manufacturer of a wide range of high-performance entertainment lighting products, we're proud to be a trusted partner to top lighting professionals and production/rental houses around the world. Our commitment to quality, innovation, and creative solutions has made us a go-to resource in the industry. We also offer an advanced line of lighting control products through Obsidian Control Systems, and a full range of dependable specialty effects called Magmatic. Elation serves clients worldwide through offices in Los Angeles, Mexico City, Canada, and the Netherlands. We invite you to take a closer look at elationlighting.com
