## A Legend Reborn: REBEL DARTZ Takes Over March 19 Elation Coffee Break

Tune in to Elation's **Coffee Break** livestream on **Thursday, March 19, at 11:00 a.m. CET** for an in-depth look at the new [REBEL DARTZ](#), the cutting-edge evolution of the legendary DARTZ 360. This high-energy Beam FX moving head is built for designers who prioritize hard-hitting visuals, delivering intense beams, electrifying effects, and dynamic movement to energize any performance.

Elation's acclaimed DARTZ 360 carved out a niche with its narrow 3-degree beam and versatile effects, all packed into a compact design. Follow Alistair Smyth as he explores the next-generation REBEL DARTZ, featuring four times the brightness of its predecessor, upgraded optics, a broader FX toolkit, and full IP65 all-weather protection.

Its ultra-narrow 1.5° beam carves through atmospherics with intensity, creating tightly focused aerials that command attention—the defining feature of any design. Built for concerts, festivals, DJ and EDM productions, corporate and special events, or any application where visual impact, energy, and atmosphere matter, the REBEL DARTZ gets noticed.

Each Coffee Break episode goes beyond spec sheets and standard product overviews, focusing on tangible benefits while sharing practical tips and tricks that lighting professionals can directly apply in real-world scenarios. The sessions are open to everyone and include live questions from viewers.

FOR IMMEDIATE RELEASE

Streamed live on Elation Europe's Facebook page [here](#), or LinkedIn page [here](#), no registration is required.

Mark your calendars, grab your favorite cup of coffee, and join us on **March 19 at 11:00 a.m. CET!**

### **About Elation**

At Elation, we collaborate with leading professionals in the lighting industry to help bring extraordinary experiences to life. As a designer and manufacturer of a wide range of high-performance entertainment lighting products, we're proud to be a trusted partner to top lighting professionals and rental houses around the world. Our commitment to quality, innovation, and creative solutions has made us a go-to resource in the industry. We also offer an advanced line of lighting control products through Obsidian Control Systems, and a full range of dependable specialty effects called Magmatic. Elation serves clients worldwide through offices in Los Angeles, Mexico City, and the Netherlands. We invite you to take a closer look at [elationlighting.com](http://elationlighting.com)
