Elation Invites Lighting Professionals to “Experience Tomorrow” at LDI 2024

Elation invites lighting professionals to “Experience Tomorrow” at **Booth 2224** at LDI in Las Vegas (Dec. 8-10) where visitors can embark on a journey through lighting’s next frontier. Elation is set to captivate attendees with an immersive booth experience that will transport them to a retro-futuristic spaceport lounge of discovery—a gateway to new worlds where visitors can explore Elation’s latest advancements in professional lighting.

The spaceport-styled booth balances cutting-edge technology with mid-century aesthetics, evoking an era when excitement for the future was at its peak. Elation product experts will be on hand to help visitors explore Elation’s latest technologies via immersive product demonstrations while an otherworldly light show will dazzle every hour.

Get ready for an exciting reveal at LDI, where Elation will showcase brand-new, cutting-edge product lines! While we can’t spill all the details just yet, visitors can also expect to see the latest innovations across the [PROTEUS](#), [FUZE](#), [KL](#), [PULSE](#), [LIMELIGHT](#), [SÖL](#), and [SIX+](#) series, plus new offerings from Magmatic Atmospherics. Stay tuned for what's next!

FOR IMMEDIATE RELEASE

PROTEUS ODEON – IP66-rated framing profile fixture with industry-first TruTone variable CRI technology. A game-changer in professional framing profiles!

FUZE TEATRO – This framing fixture’s fanless, fully automated design makes it ideal for sound-sensitive spaces while ColourTune technology delivers unmatched color precision.

KL PAR FC IP – IP65-rated full-color PAR light with fully variable CCT and Elation ColourTune technology for unprecedented control over output vs color fidelity.

PULSE – Available in BAR, PANEL, and PANEL FX models, PULSE are highly impactful strobe and visual effects that inject dynamism and spark into any performance!

LIMELIGHT PAR – A new generation of high-powered color-mixing wash luminaires that redefine color intensity and PAR light versatility.

SÔL II/IV – Engineered to adapt and expand, each unit in this groundbreaking series of creative blinders and effects features high-output LED technology housed in sleek, connectable fixtures.

SIX+ BAR/ SIX+ PAR – These updates to the industry-standard SIXPAR and SIXBAR color changers feature more output, a broader color spectrum, and an overall superior quality of light.

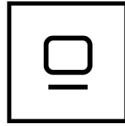

MAGMA PRIME TOUR – A tough, all-purpose, water-based hazer with advanced technology for exceptionally high output, dry haze effect.

Experience the future of lighting at LDI 2024 and discover how Elation innovation opens up new creative worlds.
