25-Jan-2016

Elation to Show Award-Winning Platinum X-Series and More at ISE 2016

Elation Professional will be showing the latest in its line of versatile, energy-efficient LED and Platinum Series lighting solutions February 9-12 at the ISE show in Amsterdam, Europe's leading exhibition for professional AV.

A number of cutting-edge products are set to impress at stand **11-F45**, including the powerful and multi award-winning **Platinum FLX™** hybrid moving head while seeing its European debut will be the **Platinum HFX™**, a new mid-sized addition to Elation's hybrid family of beam, spot and wash luminaires. The **ACL 360i™**, a new single beam moving effect luminaire in Elation's ACL Series of high-output narrow-beam LED effect lights, will also feature as will the **ACL Bar™**, a full color batten useful as a pixel bar or wash luminaire.

Visitors will also be able to see Elation's much-talked-about **EMOTION™** moving head digital light with its next generation digital lighting technology. Other products in Elation's leading line of professional lighting solutions will also be on display.

"ISE is a growing show and we're growing right along with it," said Marc Librecht, Elation Professional's European Sales & Marketing Manager. "ISE success translates into success for us as well. Visitor numbers are always excellent and we always look forward to meeting new customers and connecting with established clients."

The Elation team looks forward to a great show and welcome's one and all to **Stand 11-F45** for a chat and personal demo.

Platinum FLX™: With a unique patent-pending dual optical system that gives a uniform and brighter Spot field (2.9° to 25°), a narrower beam angle and brighter central point in Beam mode (1.8° - 18°), and a higher-quality flat field Wash effect, this award-winning multi-functional 3-in-1 luminaire has clear advantages over traditional hybrid systems. Its 470W Philips™ MSD Platinum 20R lamp emits up to 23,000 lumens and its intelligent optical system can mechanically switch between Beam and Spot modes quickly and accurately. It offers full CMY color mixing, an extra 10 dichroic colors including UV, CTB and linear CTO color correction, two gobo wheels, 6-way linear and 8-facet rotating prisms, animation and wash frost effects and more.

Platinum HFX™: The Platinum HFX is a new compact addition to Elation's hybrid family of beam, spot and wash luminaires. This feature-packed hybrid effects moving head houses the new Philips™ MSD Platinum 14R 280W lamp which gives 12,000 total lumens of power. Capable of zooming 2.3° to 15° in beam mode, 3° to 22° in spot mode, and 10° to 34° in wash mode, its host of design features includes 13 dichroic colors (including UV and new quad color RGBY filter, CTO and CTB color

correction), 8 rotating-interchangeable gobos and 12 static-stamped gobos, 3 prisms, wash frost effects and more like Art-Net support.

EMOTION™: The EMOTION is a compact yet powerful (4,000 ANSI lumens) moving head digital light that brings to the market the latest in next generation digital lighting technology at a price to performance ratio never seen before. The EMOTION is a plug and play DMX moving light just like a traditional moving light yet houses an on-board media server w/ 64GB SSHD and royalty-free digital art/videos. Custom content can also be easily uploaded via a CMA application. It features a projection quality that allows for use in a wide range of professional stage, studio, theatrical, club and event applications. Extremely easy to use, users don't need an abundance of DMX channels to operate it like other digital lights on the market.

ACL 360i™: The new ACL 360i™ is a powerful single beam moving effect luminaire featuring a single 60W RGBW LED and new advanced collimator optic lens, which produces a laser-like homogenized 4° color-changing beam. It features 10 and 45 degree frost lens options (included), fast and precise 16-bit continuous 360° pan and tilt rotation, strobe, color macros and selectable dimming curve effects. Compact at only 330mm tall and 5.2 kg, it consumes only 110W of max power.

ACL Bar™: The ACL Bar is a versatile bar luminaire featuring (7) individual 15W RGBW 4-in-1 LEDs and new advanced collimator optic lens. Useful as a pixel bar for displaying imagery or as a wash luminaire for floodlighting surfaces and stages, it consumes a low 135W of max power. It produces a laser-like homogenized 4-degree beam from each lens for extremely high output efficiency and offers full pixel control and built-in effect / chase macros. The ACL Bar can also be used as a wash fixture using the included removable frost filter and glare shield.

About Elation Professional

Elation Professional is one of the world's leading lighting and visual solutions providers and is the global brand of Elation Lighting. Founded in 1992 and headquartered in Los Angeles, with European sales, distribution and support based in The Netherlands, Elation designs and manufactures a comprehensive range of innovative yet affordable lighting and video products that are distributed through a global network of dealers and distributors. Made up of a spirited team of dedicated personnel, Elation is setting new efficiency and performance standards in Platinum lamp and LED technology and is acknowledged for a comprehensive commitment to Total Support. As a company in expansion with a presence in a growing variety of market segments, chances are you've experienced Elation lighting at a concert, special event, TV, theater, late night venue, House of Worship, theme park, cruise ship, exhibition, architectural space or elsewhere.
