## Elation at LDI 2025: Breakthrough Technology and a Live Show Experience

Elation brings its strongest lineup yet to LDI 2025 in Las Vegas, December 7–9. Built for creators, boundary-pushers, and production professionals alike, the company is showcasing a portfolio of lighting innovation engineered to elevate every stage — from the unmatched flexibility of [PARAGON](#) and the defiant spirit of [REBEL](#) to the industry-leading [PROTEUS](#) series.

Additional highlights include popular lines such as [FUZE](#), [KL](#), [VOLT](#), [SOL](#), and the company's newest offering, [X-Laser](#).

### The Elation Live Show Experience

Visitors to **Booth #3410** can step inside a one-of-a-kind live show experience that combines stunning lighting, mesmerizing visuals, and dynamic performance art. Conceived by Creative Director Melody Tseng, the experience is designed to inspire and leave a lasting impression. The show presents the latest innovations in the PARAGON, REBEL, KL, and PROTEUS series, with each performance followed by product spotlights that invite visitors to explore the new gear up close and speak with the Elation team.

Featured products at LDI include:

**PARAGON LT:** The latest addition to the award-winning PARAGON series, PARAGON LT is a long-throw LED profile built for stadiums and large-scale productions. Its 1300W variable-CRI

## FOR IMMEDIATE RELEASE

engine blasts up to 52,000 lumens with a 3.7°–49° zoom, full FX suite, swappable lens options, and IP54 protection.

**REBEL PROFILE:** The first in a bold new lighting breed, the REBEL PROFILE is a compact 500W IP65 LED profile with high-CRI color mixing, a deep FX package, and rugged durability. Created to bring premium performance within reach.

**REBEL WASH 4 / REBEL WASH 12:** Expanding the REBEL line, these powerful wash luminaires deliver rich color, big output, crisp aerial beams, and IP65 toughness. Designed for a new generation of creators, they offer flexibility and affordability without sacrificing punch.

**PROTEUS ATLAS:** With a razor-thin 0.6° laser beam from a LILI engine and an output rivaling 7K Xenon searchlights, PROTEUS ATLAS is an IP66 Beam FX powerhouse made for massive aerial looks and extreme long-throw applications.

**PROTEUS RADIUS:** The compact, high-intensity PROTEUS RADIUS features a 0.9° LILI-powered beam and full 360° movement on both axes for limitless aerial FX. Ultra-tight, ultra-bright, and built for dramatic long-range visuals.

**PROTEUS HYBRID MAX:** A breakthrough evolution of the original PROTEUS HYBRID, this IP66 Beam/Spot/Wash hybrid delivers 22,000 lumens, true linear zoom in all modes, FAF technology, Tri-Tier Animation, SpinSync, and a massive FX toolbox—all faster, brighter, and tougher than ever.

**FUZE WASH 250 / FUZE WASH 500:** Full-spectrum RGBMA LED Fresnels with motorized zoom, high output (up to 17,000 lumens), and CRI up to 92. Ideal for anyone needing a soft-field automated Fresnel with precision color and consistent performance.

**VOLT+ PAR S / VOLT+ PAR L:** Next-gen battery-powered fixtures with brighter RGB+Lime+Amber+UV LEDs, fully homogenized beams, IP65 durability, wireless flexibility, and optional charging/DMX bases. Perfect for mobile uplighting, accents, and creative direct-view effects.

**SÕL BLINDER I, II, IV:** High-output creative blinders designed to link, scale, and adapt. Sleek housings, robust output, and flexible configurations make SÕL a powerful statement piece for modern stage design.

**X-Laser TRITON T-40:** A 40W, IP65 production-grade RGB laser with instant 0.1°–45° zoom, fast digital gobos, rich color, and smooth motion. With Mercury laser control, it integrates seamlessly into any lighting rig and delivers exceptional creative range.
