

FOR IMMEDIATE RELEASE

28-May-2025

Explore Elation's Expanding Universe at InfoComm 2025

Elation invites lighting professionals to “Experience Tomorrow” at **Booth #7671** at the InfoComm tradeshow in Orlando (June 11-13). Elation is redefining what's possible on stage, on set, and beyond with cutting-edge lighting designed to meet the unique needs of integrators and installations across the broad AV market.

Elation will showcase new product lines including the award-winning **PARAGON**, Elation's new flagship automated lighting series. With TruTone variable CRI technology, interchangeable lenses, a comprehensive FX package, and a weatherproof IP54 rating, PARAGON combines multiple fixture roles in a single design, representing a leap forward in intelligent lighting for entertainment,

Also new is the first luminaire in a bolder breed of workhorse lighting, **REBEL**. The **REBEL PROFILE** is a powerful yet compact LED profile moving head with IP65 rating designed for attention-grabbing visuals in both indoor and outdoor applications. The fixture delivers intense beams, sharp projections, and a comprehensive effects package for captivating mid-air and projection visuals in any environment.

Designers continue to appreciate Elation's **FUZE Series** for its exceptional blend of performance, features, and value. The newest additions include the **FUZE PFX**, a unique LED framing FX

FOR IMMEDIATE RELEASE

fixture that brings all the power and versatility of a multi-purpose automated fixture in a compact footprint; and the [FUZE TEATRO](#), a full-color framing fixture with a fanless, fully automated design that makes it ideal for sound-sensitive spaces.

The ideal backbone for any production that requires pristine color rendering and durable performance, new fixtures showing in Elation's broadcast-quality [KL "Key Light" Series](#) include:

KL CORE IP – This full-spectrum, IP65-rated LED light with high CRI is configurable for adaptable use as an ellipsoidal, Fresnel or monolight.

KL PAR IP COMPACT – This full-spectrum, IP65-rated PAR light with multiple lens options delivers versatile performance in a small, rugged package.

KL PROFILE COMPACT – A compact, full-spectrum ellipsoidal with integrated zoom and high CRI for sharp, precise projections.

Visitors to InfoComm can also expect to see the latest innovations across Elation's **PROTEUS**, **PULSE**, **LIMELIGHT**, **SÖL**, and **SIX+** series.

[PROTEUS RADIUS](#) – This high-intensity Beam FX fixture with LILI light engine, ultra-intense 0.9° beam, and a host of design features leaves a lasting impression, even across vast distances.

[PULSE](#) – Available in BAR, PANEL, and PANEL FX models, PULSE are highly impactful strobe and visual effects that inject dynamism and spark into any performance!

[LIMELIGHT PAR](#) – A new generation of high-powered color-mixing wash luminaires that redefine color intensity and PAR light versatility.

[SÖL I/II/IV](#) – Engineered to adapt and expand, each unit in this groundbreaking series of creative blinders and effects features high-output LED technology housed in sleek, connectable fixtures.

[SIX+ BAR / SIX+ PAR](#) – These updates to the industry-standard SIXPAR and SIXBAR color changers feature more output, a broader color spectrum, and an overall superior quality of light.

Discover what's next in lighting!

Join Elation's product experts at **Booth #7671** for hands-on demos, insights, and a first look at these latest innovations—designed to spark creativity and transform your next production.
