## Elation & AMPCO FLASHLIGHT LJ - SESSIONS

Dear Friends & Colleagues,

As you probably already know, Ampco Flashlight Sales has been using Elation Professional luminaries for its many projects for some time now, and with great success. Ampco has recently installed Elation products in Paradiso for example, as well as a complete package of Elation luminaires in the new venue De Neushoorn in Leeuwarden.

With the release of the new **Platinum FLX™** and **Platinum HFX™** hybrid moving heads, Elation Professional has made great strides in the area of high-quality professional lighting.

These new moving heads use the latest versions of Philips' Platinum 14R and 20R lamps to create an innovative and high-quality solution that allows for spot, beam and wash functions. The secret is two alternating optical lens modules that give an optimal spot, beam and wash projection. Projection in spot and wash modes is without a hotspot.

This has not gone unnoticed in the market. At the 2015 PLASA Show in London, Elation Professional received an award for best moving light innovation along with an honorable mention at the LDI show as well as another award for innovation later in the year at the WFX show. Because Ampco Flashlight sales and rental projects are increasingly making use of Elation Professional products, we would like to introduce them to you.

FOR IMMEDIATE RELEASE IMMEDIATE RELEASE

For product information, please check: <http://www.elationlighting.eu/en/platinum-flx.html> and <http://www.elationlighting.eu/en/platinum-hfx-280w-platinum-hybrid-14r.html>

We also want to introduce the new **Satura Profile™**, a 440W LED moving head with shutters; the **Platinum Spot III™**, a 230W LED moving head; and two new products from the new ACL Series, the **ACL 360 BAR™** and **ACL 360i™**.

On the **8<sup>th</sup> and 9<sup>th</sup> of March** Ampco will organize a series of short sessions where lighting designers and other lighting professionals can see how these products work and apply to lighting design.

The sessions require about two hours of your time and start on Tuesday the 8th of March and Wednesday the 9th of March at 10:30, 13:30, 16:00 and 19:00. Lunch and dinner are provided.

We would love to hear if you can attend one of the presentations. Please contact us at [sales@ampco-flashlight.nl](mailto:sales@ampco-flashlight.nl)

We look forward to your comments and look forward to discussing these exciting innovations with you.
