Obsidian Control Systems offers NX2™ lighting console training video series

13-part how-to video library covers compact yet highly capable NX2 lighting console from A to Z. NX4™ training video series also available

Last month, Obsidian Control Systems made available a comprehensive training video series covering its full-featured NX4™ lighting console and ONYX lighting control platform. Now the innovative lighting control brand has launched a corresponding training video series covering the smaller yet fully capable NX2™ lighting controller.

The NX2 training series is the perfect opportunity for any lighting enthusiast to get behind the desk and add to their craft. Hosted by David Henry of Learn Stage Lighting (learnstagelighting.com), nearly 2 hours of content is condensed into short, segmented videos to watch at your own pace. Console trainings usually come with a hefty fee, making these complimentary videos a tremendous value.

The NX2 training series is available at <https://obsidiancontrol.com/nx2-video-training>. Topics covered include:

- | | |
|---|---|
| Part 1: Introduction to NX2 (3:10 min) | Part 8: Creating Effects (10:34 min) |
| Part 2: Patching Fixtures (5:41 min) | Part 9: Using Pixel Mapped Video in Dylos (15:39 min) |
| Part 3: Setting Up Groups (8:27 min) | Part 10: Cue Editing and Updating (6:30 min) |
| Part 4: Working in the 2D Plan (6:35 min) | Part 11: Copying and Cloning (6:10 min) |
| Part 5: Controlling Lights (7:32 min) | Part 12: Working with Art-Net and sACN (5:57 min) |
| Part 6: Creating Presets (12:44 min) | Part 13: Working with RDM (3:17 min) |
| Part 7: Recording Cues (15:59 min) | |

The NX4 training video series is available at https://obsidiancontrol.com/nx4_video_training.

All Obsidian lighting controllers run the uncomplicated lighting control software **ONYX™** available for free download from obsidiancontrol.com. ONYX scales from the smallest shows to the largest touring productions and fully integrates Obsidian's artistic DYLOS™ pixel composer.

About Obsidian Control Systems

Obsidian Control Systems is an accessible line of advanced yet intuitive lighting control products for professionals. Refined by passion, Obsidian Control Systems combines over 25 years of experience developing professional entertainment lighting control solutions for automated and theatrical lighting fixtures. Obsidian lighting control software and hardware is easy to use and accessible to every level of user, whether a novice programmer or a designer at the highest level. All Obsidian lighting control systems run innovative ONYX™ lighting control software, a powerful yet easy-to-learn lighting control platform designed for both hardware consoles and PC systems. Obsidian Control Systems products are distributed exclusively by Elation Professional worldwide and are available in various sizes to accommodate any scale and budget. Visit the Obsidian Control Systems website at www.obsidiancontrol.com to learn more.
