Obsidian Control Systems launches training videos for NX4™ lighting console

13-part how-to video library covers full-featured lighting console from A to Z. NX2™ training video series coming soon

In keeping with Obsidian Control Systems' practice of providing valuable educational resources to lighting designers and programmers, the innovative lighting control brand is pleased to make available training videos covering the NX4™ lighting console and ONYX lighting control platform. A training video series covering the compact NX2™ lighting controller will be available soon.

The NX4 training series is the perfect opportunity for any lighting enthusiast to get behind the desk and add to their craft. Hosted by David Henry of Learn Stage Lighting (learnstagelighting.com), over 2 hours of content is condensed into short, segmented videos to watch at your own pace. Console trainings usually come with a hefty fee, making these complimentary videos a tremendous value.

The NX4 training series is available at https://obsidiancontrol.com/training_videos. Topics covered include:

- | | |
|--|---|
| Part 1: Introduction to NX4 (4:25 min) | Part 8: Creating Effects (21:22 min) |
| Part 2: Patching Fixtures (6:10 min) | Part 9: Using Pixel Mapped Video in Dylos (16.49 min) |
| Part 3: Setting Up Groups (4:01 min) | Part 10: Cue Editing and Updating (6:55 min) |
| Part 4: Working in the 2D Plan (10:29 min) | Part 11: Copying and Cloning (7:13 min) |
| Part 5: Controlling Lights (7:14 min) | Part 12: Working with Art-Net and sACN (5:34 min) |
| Part 6: Creating Presets (20.21 min) | Part 13: Working with RDM (4:05 min) |
| Part 7: Recording Cues (16:52 min) | |

All Obsidian lighting controllers run the uncomplicated lighting control software **ONYX™** available for free download from obsidiancontrol.com. ONYX scales from the smallest shows to the largest touring productions and fully integrates Obsidian's artistic DYLOS™ pixel composer.

About Obsidian Control Systems

Obsidian Control Systems is an accessible line of advanced yet intuitive lighting control products for professionals. Refined by passion, Obsidian Control Systems combines over 25 years of experience developing professional entertainment lighting control solutions for automated and theatrical lighting fixtures. Obsidian lighting control software and hardware is easy to use and accessible to every level of user, whether a novice programmer or a designer at the highest level. All Obsidian lighting control systems run innovative ONYX™ lighting control software, a powerful yet easy-to-learn lighting control platform designed for both hardware consoles and PC systems. Obsidian Control Systems products are distributed exclusively by Elation Professional worldwide and are available in various sizes to accommodate any scale and budget. Visit the Obsidian Control Systems website at www.obsidiancontrol.com to learn more.
