

## **Elation Pro FS 15R an Efficient, High-Output Followspot**

The Pro FS 15R from Elation Professional is a high-output, medium-throw followspot with efficient Platinum source that projects an exceptionally flat field beam with no hotspot. Useful wherever manual control of an intense lighting beam is required, and ideal for shows and venues of all sizes, it features a sharp 6-10 degree beam that projects effectively up to 150'.

An efficient optical system with anti-reflection lenses combine with a Philips MSD Platinum 15R lamp to produce 13,500 lumens of cool white 8000°K light (6010 Lux @ 20m). The ultra-efficient lamp runs at a max power consumption of only 320 watts and lasts much longer than a traditional discharge lamp. No adjustment or cleaning of the reflector or lamp is required.

The Pro FS 15R comes with 7 interchangeable dichroic colors that reproduce perfectly with a variable CTB/CTO filter that allows for color temperature refinement. Framing, frost and iris adjustments are top-mounted and dimming is variable for smooth fades all the way to blackout.

Rental companies will appreciate the Pro FS 15R's durability and longer-lasting lamp for a more cost effective solution. Wrapped in a compact and ergonomically pleasing package for comfortable operation and controllable via a convenient remote panel, the Pro FS 15R comes complete with a floor stand and flightcase.

An auto-sensing power supply allows the fixture to operate anywhere in the world and like all Elation fixtures, the Pro FS 15R is covered by Elation's 2 Year Warranty and Total Support.

### **About Elation Professional**

Elation Professional is one of the world's leading lighting and visual solutions providers and is the global brand of Elation Lighting. Founded in 1992 and headquartered in Los Angeles, with European sales, distribution and support based in The Netherlands, Elation designs and manufactures a comprehensive range of innovative yet affordable lighting and video products that are distributed through a global network of dealers and distributors. Made up of a spirited team of dedicated personnel, Elation is setting new efficiency and performance standards in Platinum lamp and LED technology and is acknowledged for a comprehensive commitment to Total Support. As a company in expansion with a presence in a growing variety of market segments, chances are you've experienced Elation lighting at a concert, special event, TV, theater, late night venue, House of Worship, theme park, cruise ship, exhibition, architectural space or elsewhere.
