## Elation eNode Series - Professional Art-Net to DMX Routers

The eNode Series from Elation Professional is a new line of professional Art-Net to DMX routers consisting of the eNode 8 Pro and eNode 4. With the growth of pixel mapping and with multiple DMX universes a standard practice in lighting systems today, Elation answers the need for a powerful yet affordable Art-Net to DMX node solution.

The eNode 8 Pro is an 8-universe Ethernet to DMX interface for use with Art-Net compatible DMX control systems. It is ideal for large pixel mapped DMX systems and is compatible with most popular pixel mapping software controllers. This 19" rack-mount unit features two Neutrik Ethercon connectors for input and thru, eight 5-pin Neutrik data connectors and PowerCON connection.

The eNode 4 is a compact 4-universe Ethernet to DMX interface ideal for hanging in truss or remote areas of installations. For use with ArtNet compatible DMX control systems, it features two Neutrik Ethercon connectors for input and thru, four 5-pin Neutrik data connectors and PowerCON connection.

The eNode Series' Ethernet connectors support auto MDI/MDIX and each DMX output can be set to function as single, zero, HTP/LTP or in broadcast mode. IP addresses can be set manually and the unit can receive online software updates. For even greater convenience, the units can also work as a standard DMX splitter.

### About Elation Professional

Elation Professional is one of the world's leading lighting and visual solutions providers and is the global brand of Elation Lighting. Founded in 1992 and headquartered in Los Angeles, with European sales, distribution and support based in The Netherlands, Elation designs and manufactures a comprehensive range of innovative yet affordable lighting and video products that are distributed through a global network of dealers and distributors. Made up of a spirited team of dedicated personnel, Elation is setting new efficiency and performance standards in Platinum lamp and LED technology and is acknowledged for a comprehensive commitment to Total Support. As a company in expansion with a presence in a growing variety of market segments, chances are you've experienced Elation lighting at a concert, special event, TV, theater, late night venue, House of Worship, theme park, cruise ship, exhibition, architectural space or elsewhere.
